I want to tell you something about yourself: you are in charge! Any mountain in life that you face has to move when you make your move.

All believers face problems, and they are not solved by merely talking about them. They become solved when we authoritatively talk TO them. Jesus told us to "SAY unto this mountain...be removed!" (Mark 11:23) Mountains may appear every morning and they may be saying, "You're failing, you're not going to make it." If this is the case, then jump in there and have YOUR say. Tell them to be removed!

A minister once said, "You'll never be an effective mountain mover as long as you insist on being a mountain builder." So stop talking about (building up) the problem. Take charge and talk to it! When you rise up and speak to the mountain, God backs you with heavenly force. Circumstances will change when you speak your words of faith...Bible words...God's words. Faith says what God says: "Nothing is impossible for me!"

Say these words with me:

***I'm making plans to succeed, yes,
I'm making plans to succeed!
I'm charting my course and planting good seed,
For deep in my heart I believe
That with God I know I'll not fail,
Direction to me He'll unveil.
I've no alternate course,
In that I've made my choice
And I'm making plans to succeed!***
